To schedule a pick-up, call Kevin - 912-660-9645

Allen Orton LLC has been providing quality repairs of cylinders, pumps/motors, and valves to the greater Savannah area, southeast Georgia and eastern South Carolina for over 20 years.

**We specialize in Parker NFPA cylinders using original parts for a quality repair.
(Atlas, Hydroline, Bosch/Rexroth, Schrader, Milwaukee, Hanna, Vickers, T.J. and more)**

**We also offer repairs on all makes and models of Industrial and Mobile cylinders.
(Link-belt, Terex, Grove, JCB, Caterpillar, John Deere, Komatsu, Prentice, Tigercat, Hydro-Ax and more)**

**Our in-house machine shop allows us to manufacture replacement parts,
such as chrome rods and barrels, pistons, and other machined components.**

We provide:

- * Re-chroming and grinding services for the most cost effective approach to your cylinder repairs**
- * Sales and service of multi-stage cylinders for dump trucks, truck lift/dumps, railcar dumps and more**

No cylinder is too large! With our 50K lb. nut-buster, we can handle the toughest of jobs with the quickest turnaround to limit your downtime.

Allen-Orton's Commitment to Quality Repairs

- * Complete inspection for damage or wear on all parts
- * Recondition or replace worn glands & bushings
- * All testing of all components for both flow and pressures
- * Returned to you in like new condition with a 90 day warranty
- * Original manufacturer and top quality aftermarket seals available
